Subject: (U//FOUO) Add to Baseline (A2B) for Joint Worldwide Intelligence Communications System (JWICS) supported Tools and Products.

- Refs:
- a. DoDIIS Certification and Accreditation (C&A) Guide, dated April 2001 and C&A Supplement dated, 27 June 2011. (U//FOUO)
 - b. Department of Defense Intelligence Information System (DoDIIS) – Joint Security Implementation Guide (DJSIG), 08 August 2011. (U//FOUO)
 - c. DIA Memorandum U-972-11/DSD-2 Approval to Operate JWICS Core Backbone, dtd 5 December 2011 (U//FOUO)
1. (U//FOUO) The Global Cyber Security Operations Division (DSD-2) hereby approves the designated tools and products to be added to the JWICS Core accredited Baseline. These products are authorized to operate on the Joint Worldwide Intelligence Communications System (JWICS) IAW the parameters outlined in the systems documentation.
 2. (U//FOUO) This approval is based upon a review of security documentation and vulnerability scans and the conformance with the minimum security requirements as identified in above references. This authorization grants the below listed tools and will assume the accreditation dates of the JWICS Core Backbone:
 - Freeport Technologies – Multi-Domain Video Network Switch (MD-VNS)
 - Cisco TelePresence SX-20
 - Tandberg Video Communication Server (VCS)
 - Tandberg Gatekeeper
 3. (U//FOUO) This approval may be revoked without prior notification should the Northeast Theater Chief Information Security Officer become aware of any unanticipated risks to data or the supporting infrastructure.
 4. (U//FOUO) The point of contact for this action Mr. Michael Ussery, DSD-2, COMM 202-231-4470 or Mr. Freddy Mercado, DSD-2, NE TCISO, 202-231-5180.
